First Vaccination Drive in Collaboration with BBMP

Name of the Event: COVID Vaccination Drive at IIPR

Date of the Drive: 9th July 2021

Faculty in Charge: Swo Faculty

In lieu of the ongoing pandemic, various precautionary measures have been set in place by various government agencies. At IIPR, in order to vaccinate the faculty and the student community from the COVID-19 virus, a Vaccination Drive was organised by the college along with BBMP.

In order to execute the drive in an organised and safe manner a team of students and faculty organised the drive. The student volunteers collected data of student vaccination status and the Swo collected the same for the faculty. Registration desks were set up along with various rooms for the doctors to vaccinate the members. The vaccination was an overall success with many students and faculty availing the free COVISHIELD vaccine at IIPR.
